## To support The National Deaf Children's Society

*I'm Richard from Farsley and I'm raising money to support the fantastic NDCS charity.*

*NDCS are an incredibly pro-active and responsive charity truly helping deaf or hearing impaired children throughout the country.*

*I'm cycling solo to London and back to enter the London Nightrider event. I've only been 'cycling' for a year and previously never been athletic, so you can imagine the challenge!*

*My Daniel pictured above was the first baby in Leeds (9 years ago) to be diagnosed with a rare hearing condition and we've found NDCS to be immensely helpful.*
